Front end engineering design, Reservoir management solutions, Production optimization solutions, Brown field re-development planning, Green field development planning, Asset management services, and well engineering services.

OUR STRATEGY AND INVESTMENT CASE:

Our strategic areas, which guide decision-making, are aimed at generating increased cash flows; extending mine lives; creating an organic pipeline of economically viable orebodies; and enhancing our license to operate. The overall aim is creating and preserving value for all our stakeholders. Investing in the Financial Sector, Manufactures and small scale Businesses

- Focus on people, safety and sustainability – People are the foundation of our business. To remain sustainable in the long term, we must clearly exhibit our values in the conduct of our business. This encompasses being accountable for our actions and respecting all stakeholders and the environment. ESG principles are integrated into every aspect of our business.
- Ensure financial flexibility – We must ensure our balance sheet always remains able to meet our core funding needs.
- Optimize overhead, costs and capital expenditure – All spending decisions must be thoroughly scrutinized to ensure they are optimally structured and necessary to fulfil our core business objective
- Improve portfolio quality – We have a portfolio of assets that must be actively managed to improve the overall mix of our production base as we strive for a competitive valuation as a business.
- Maintain long-term optionality – While we are focused on ensuring the most efficient day-to-day operation of our business, we maintain a close eye on creating a competitive pipeline of long-term opportunities

CORPORATE SOCIAL INVESTMENT INITIATIVES:

Kapplex Corporate Social Investment initiatives emphasize the promotion of health and are instrumental in preserving the lives of critically ill children and adults. To date we have sponsored 27 successful heart related disease, 23 Kidney Patients, 18 Liver Patients and many more uncounted health challenges and disease including Free Education for both Tertiary and Non-Tertiary students, sponsored of widows, market women and vulnerable children's - mostly for infants - who would otherwise have died due to lack of funds to pay for medical treatment, Built homes for Orphanages for the people of Weija Gbawe, Schools and Hospital to support the development of our nation, in addition, we have built Church auditorium for the people of Weija Gbawe to worship God the Almighty through Christ Jesus with all believers in Ghana

We strongly believe education is a prerequisite for the growth of the individual and society. Therefore, we seek to empower underprivileged individuals by seeking education, skills development and business support initiatives to assist their progress. Investing in education, we believe, improves personal growth and the success of the Ghanaian nation. This is what informs our decision to sponsor basic school children across the country to make a difference in communities and Kapplex has also invested and established a Fund to manage any future disaster for the subsistence of the company
